COVER NOTE

I have spent the last three years turning a monolith into event driven services at Beacon, and the scale problems in your job post are exactly the ones I have been living in. I would love to bring that to a product team that ships weekly.

RESUME HIGHLIGHTS

- 5 yrs fullstack across TypeScript, Node, Postgres
- Led migration of 40 endpoints to an event bus
- Mentored 3 junior engineers

Talon Inc. Offer of Employment

Dear Sofia,

We are delighted to offer you the position of **Senior Product Engineer** (L5) at Talon, reporting to Sam Altmann. Your annualized base salary will be **\$210,000**, with an equity grant of **22,000 options** vesting over four years and a **\$15,000** sign-on bonus.

Your anticipated start date is **September 15, 2026**. This offer expires on August 14, 2026.

Warmly,
Maya Reyes · Recruiting, Talon
